STATE COMPLIANCE EXHIBIT

ALASKA

Safety & Environmental Management Program | 2026 Edition

Exhibit To	NM&C Safety & Environmental Management Program (PRG-SAF-10282026-01)
Jurisdiction	**State Plan (private sector)**
Version	1.2
Effective Date	November 16, 2026
Next Scheduled Review	November 16, 2027

HOW THIS EXHIBIT WORKS

This exhibit is part of the NM&C Safety & Environmental Management Program for all commercial construction projects and facility maintenance service calls located in Alaska. The master program applies in full; this exhibit adds the Alaska requirements that go beyond, or differ from, the federal OSHA baseline used in the master.

When this exhibit, the master program, a local rule, a customer requirement or a contract differ, the most protective requirement applies. This exhibit summarizes key requirements and is not a complete list of every state or local law. Fill-in fields are highlighted in yellow.

1 OSHA JURISDICTION AND SERIOUS INJURY REPORTING

Coverage for NM&C work	State Plan - private and public sector (Alaska Occupational Safety and Health, AKOSH, Dept. of Labor and Workforce Development)
Serious injury and fatality reporting	Stricter than federal: any work-related fatality, in-patient hospitalization, amputation or eye loss must be reported to AKOSH within 8 hours by calling (800) 770-4940 or (907) 269-4940 during business hours, or (800) 321-6742 after hours.
Master program sections	Section 35 (Reporting), Section 38 (Recordkeeping) and Section 43 (State Compliance Exhibits).

2 ALASKA REQUIREMENTS

Item / Topic	Requirement
2.1 OSHA Jurisdiction	AKOSH enforces the state plan for private and public employers; its standards are adopted in 8 AAC 61.1010, and all four severe-injury categories carry an 8-hour reporting deadline. (AKOSH home page)
2.2 Written Program, Committees and Training	None beyond federal: Alaska has no general mandate for a written safety program or safety committee for private construction/maintenance employers. (AKOSH home page)
2.3 Workers' Compensation Injury Reporting	Employers must report each injury or claimed injury to the Alaska Division of Workers' Compensation through their insurer or claims administrator (EDI, Report of Occupational Injury or Illness) within 10 days after learning of it (AS 23.30.070); late reporting can bring a penalty of 20% of compensation owed. (Alaska DWC Report of Occupational Injury or Illness (07-6101))

2.4 Permits, Licenses and Utility Locates	Electrical and plumbing work covered by AS 18.60.580 and 18.60.705 (and high-voltage line work) may only be done by workers holding an Alaska Certificate of Fitness (AS 18.62.010), issued by the Mechanical Inspection Section. (Alaska Mechanical Inspection - Certificates of Fitness)
2.5 Permits, Licenses and Utility Locates	Notify 811 Alaska Digline at least 2 and no more than 15 working days before excavating (10-20 working days in remote areas) under AS 42.30.400-490. (811 Alaska Digline FAQ)
2.6 Asbestos, Lead and Environmental	Anyone performing, supervising or monitoring asbestos abatement must hold and carry an AKOSH-issued asbestos certificate from a department-approved course (8 AAC 61.600-61.610), and contractors must get department approval of an abatement plan before work (8 AAC 61.620; AS 18.31.200). (Alaska Asbestos Abatement Statutes and Regulations (8 AAC 61.600 et seq.))
2.7 Asbestos, Lead and Environmental	Report oil and hazardous substance spills to ADEC at 1-800-478-9300 or online; hazardous substance releases, spills to water and land spills over 55 gallons must be reported immediately, and 10-55 gallon land spills within 48 hours (18 AAC 75.300). (ADEC Spill Reporting Placard)
2.8 Drug Testing and Cannabis	Alaska's voluntary drug and alcohol testing law (AS 23.10.600-23.10.699) shields employers that adopt a written policy and test under it from damages suits over good-faith actions on test results; positive results must be confirmed by GC/MS and reviewed by a physician before the employer relies on them (AS 23.10.640). (AS 23.10.600-23.10.699 (Alaska Legislature))
2.9 Driving	No statewide handheld ban; Alaska prohibits reading or typing texts and operating screen devices while driving (AS 28.35.161). (AS 28.35.161 (Alaska Legislature))
